

Wisconsin Public Health Association Public Health Nursing Section Presents:

Webinar - Lunch & Learn

Wednesday, February 22, Noon - 1:00

Healthiest Wisconsin 2020 – Aligning Policies and Systems for Better Health: Public Health Nursing Leadership Roles

Presenters:

Terri Kramolis, MSHA, RN, BSN

Director and Health Officer, Bayfield County Health Department
Member, Wisconsin Public Health Council, Governor Appointed

Margaret Schmelzer, MS, RN

State Health Plan Director
Director of Public Health Nursing
Wisconsin Division of Public Health

Objectives

1. Understand the key features of Healthiest Wisconsin 2020.
2. Use Healthiest Wisconsin 2020 tools to align partners collective action to improve and protect the health of people and communities where we live, grow, work, learn and play.
3. Learn about how the Bayfield Health Department, the Ashland Health Departments and Memorial Medical Center Ashland are partnering to develop their community health improvement plan and using Healthiest Wisconsin as a guidance document.
4. Describe how the natural capabilities of public health nurses can make community health improvement a tangible reality for individuals, families and communities.
5. Acknowledge that strong leadership capabilities is needed from all state and local governmental professionals – a foundational asset to Healthiest Wisconsin 2020.
